CHURCH AND CLERGY.

The Lutheran synod has passed a resolution prohibiting ministers from financial speculation.

The largest Bible class in Great Britain is at All Saints' church, Sheffield. The average attendance is 1,000.

Rev. Henry Rollings, a medical missionary student in New York, claims that the death of his father in England was depicted to him in a vision.

Bishop John Scarborough of New Jersey plans to celebrate his priestly golden jubilee on Aug. 14, 1908. He has been a bishop for thirty-two years. He was born in Castle Wellan, County Down, on April 25, 1831.

The cessation of state funds for the Protestant churches of France, caused by the separation of church and state, have entailed a yearly loss of \$300,000 to these churches, the policy of the government at the present time affecting Protestant as well as Roman Catholic churches.

INDUSTRIAL ITEMS.

The automobile industry in the state of Michigan alone is paying the railroads \$1,000,000 a year in freight rates.

Three story bedsteads are now made for use in apartments, steamers, camps and wherever floor space is limited.

The total coal resources of the southern states are estimated at 600,000,000,000 tons, or more than one-fourth the estimated coal reserve of the entire country.

Germany is enjoying a wave of prosperity greater even than that in this country. Enlargements of factories, which drained the resources of the money market, were still barely sufficient to cope with the demand last year. Agriculture shared the general prosperity, and there was employment for all laborers.

Notice to Tax Payers of the City of Barre, Vt.
The City Council have placed in my hands for collection a tax bill amounting to two dollars and fifty cents on a dollar of the grand list of the City and forty days from the date of this notice, viz: August 16th, 1907, is the limit of time in which you have to pay the same to me.

If not paid on or before that date there will be added to said tax bill the fees for collection, as provided by law.
JAMES MACKAY, City Treasurer.
Dated at City of Barre, Vt., July 2nd, 1907.

ABOUT THE STATE.

Items of Interest Gleaned From Our Exchanges.

Harley Sherburne, William Mitchell, and James Rock, of South Wheelock, took eighty-two pounds of wild honey from a hollow tree recently.

Elmer Pike, of Wilmington, was cutting across lots the other day with his rifle under his arm when he ran across a big she bear and cub. He bagged the pair.

A trout weighing six pounds and measuring twenty-six inches in length was caught in the Battellkill river at Manchester last week by Carl Kohler, a fourteen-year-old boy.

It is said the condition of George H. Wilder, who is at the state hospital for the insane at Waterbury, is considered better and that he will soon be back at his work in Burlington.

Frank Taylor, of West Haven, while butchering sheep at a farmer's recently dropped a knife which cut to the bone and severed an artery in his leg. He is in a serious condition from loss of blood.

By the accidental discharge of a rifle, Dec. St. Louis, the fifteen-year-old son of Mr. and Mrs. A. N. St. Louis, of Morristown, was shot in one leg last Thursday while hunting with a party of boys on Elmore mountain. The ball passed through the thigh being cut out from the opposite side from which it entered. The injury will probably not prove serious.

ROCKINGHAM CHURCH RESTORED.
Erected in 1787, it retains its Original Appearance.

The old church at Rockingham which is to be formally opened August 15, within the year has undergone extensive repairs. The building dates back to the days when all citizens, irrespective of creed, were taxed by the government for the support of the gospel. It is the only one in the state built in those early times that retains in both the interior and the exterior its original appearance. The quaint and simple white structure stands on an eminence near the center of the quiet village of Rockingham old town, overlooking the Williams river valley. It was built by the town, the question in relation to it being voted upon in town meeting and the expenses paid out of the town treasury. In accordance with the early custom of always getting the Lord's house upon a hill in the middle of the town, the people voted that "the meeting house be set on the hill west of David Pulpit's house about thirty or forty rods."

One of the first settlements in the vicinity was made at Rockingham old town in 1732. The following year land was "Laid out for the Use of the First Settling Minister," who was Rev. Samuel Whitting. This meeting house, the first in town, was built in 1787. A Congregational society was organized in 1773 and was kept in being until 1839, sustaining a local pastor most of the time. The building has been used at different periods by various religious denominations, but not regularly by any denomination for about seventy years. No services have been held in it for many years, except occasional vesper services conducted by the pastors of the different churches in town during the summer months. It was used for all town meetings until 1870. Since that time the town business has been transacted at Bellows Falls. At the north of the meeting house is the burying ground with its ancient tombstones. At the east and west ends are porches containing staircases leading to the gallery.

The town appropriated \$500, which, with gifts and solicited subscriptions, amounting in all to \$1,200 or \$1,300, has been expended in general repairs and in restoring the interior to its original condition. Its beauty having been marred by visitors who covered the whitewashed walls with their autographs and carried away the ornamental spindle work on the pews and gallery rails and even the hinges on the doors of the pews, as souvenirs. The pulpit, which had been lowered a few feet, has been raised to its former position, with winding stairs leading to it. The sounding board, the high square pews, the gallery surrounding the audience room on three sides, have all been restored to the freshness of 130 years ago. No means of heating the building was provided for at first, and the worshippers depended only upon foot stoves for warmth while listening to sermons two hours long. Chimneys were built and stoves were added as a sort of afterthought.

The church records in their original manuscript form and the communion service were for a long time in the possession of W. H. H. Putnam, of Springfield, a relative of David Pulpit, who was one of the four men that united in presenting the town with the land on which the church and cemetery are located. But in the destruction of Mrs. Putnam's residence by fire a few years ago the communion service was lost, the records are of great historical value to the town, and have been placed in the Rockingham public library at Bellows Falls.

The opening of the rejuvenated old church, which will be along the lines of an old home day celebration, with speeches, music, refreshments, etc., will be a social as well as a religious affair and will no doubt attract a large crowd of people.

MARYLAND TOWN
IS SWEEPED BY FIRE.
Business Section Wiped Out by Big Blaze Started Early Yesterday.

Norfolk, Va., Aug. 14.—A large portion, if not the entire business section of Princess Anne, the county seat of Somerset county on the eastern shore of Maryland, was burned out between 3 and 5 o'clock yesterday. Fire companies went to the assistance by special flat car trains from Salisbury and Pocomoke City, Md.

Upward of 50 business houses are reported burned. Princess Anne has about 3,000 inhabitants.

"Everybody Should Know,"
says C. G. Hays, a prominent business man of Bluff, Mo., that Bucken's American Salsol is the quickest and surest healing agent ever applied to a sore, burn or wound, or to a case of piles. I've used it and know what I'm talking about. Guaranteed by Red Cross pharmacy. Price, 25c.

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of dandruff it is a sure sign that these countless germs are busy at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send the 10-cent stamp for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and \$1.00.
E. A. Brown, Special Agent.

The World Drying Up.
We are to die of thirst. Comparatively few persons know the sufferings involved in a thirst for which there is no help at hand. The consuming thirst, more than the pain of any wound, makes the battlefield a hell. Yet death by thirst is the doom forecast for the race by grim scientists. Geologists find that the fresh water supply of the globe is failing. They have data which point to the gradual withdrawal of the streams and other bodies of water from the surface. Both in Africa and central Asia, and, indeed, in all the great levels, the water beds are drying up. A great number of lakes well known in the historical age, have entirely disappeared. For example, Lake Chironia, in Africa, has vanished within the past twenty years, as has also Lake Ngami, discovered by Livingston. Lake Tchad is more than half dried up. For centuries bodies of water in central Asia have been evaporating and the deserts extending. Where 2,000 years ago great cities stood in East Turkistan, there is found only vast and depressing stretches of sand. The river Tarim, once a principal Asiatic route, is almost gone, and Lob-Nur, formerly four times the area of Lake Geneva, is now but a shallow marsh. The same conditions are noted in European Russia. Nowhere, the most pushing city in the czar's distracted realm, was surrounded by water in the middle ages. While we may be sure that the fate which the geologists suggest for humanity is very far away, the facts recited to show the drying-up process are convincing proofs of the need of preserving our forests with more care.—St. Paul Pioneer Press.

The Only Survivor
of the Hayes Arctic expedition, Mr. S. J. McCormick, now U. S. deputy mineral surveyor, Bliss Station, Idaho, says: "For years I have suffered from severe pains in the hip joint and backbone, depriving me of all power. The cause was stone in the bladder and gravel in the kidneys. After using Dr. David Kennedy's Favorite Remedy, of Rondout, N. Y., I was completely cured."

HERE AND THERE.
Chiffon Scarf Shoulder Wraps—Blue and Gray a Fall Color Scheme.

Long gauze or chiffon scarfs applied with floral designs in tulle mousseline make dainty shoulder wraps for lawn and veranda wear.

Nattier blue and gray is a Parisian combination that is sure to make itself felt on this side of the water in the fall. The frock will be of the natter color veiled with tulle or chiffon in a smoke gray shade. The neutral shade of the gray softens the blue without taking from its beauty.

French plique in rather narrow waives is again used for tailored coat and skirt suits. It is more often white than colored.

A pretty lingerie stock collar is a high tucked band of lawn or muslin.

REAL ESTATE FOR SALE.

Farm for Sale!

Farm with wood enough to pay for it. We have placed with us for quick sale a very desirable 165-acre farm located only about 2 miles from Graniteville and 3 miles from Williamsstown. This place will carry 30 cows summer and winter. There is an extra good house, and barns are comfortable. It is estimated that there are from 4,000 to 5,000 cords of hardwood on this farm, besides a quantity of soft wood. As this property must be sold at once, the price will be low. For full particulars enquire of the

D. A. Perry Real Estate Agency,
